Schedule subject to change

## Just starting out?

Every session offers Level One classes which are ideal for beginners, and are a prerequisite to Level Two classes. Beginners should check with the instructor for guidance before advancing to higher level classes.

## Intermediate dancers:

Generally, several rounds of Level One and Level Two classes are recommended before advancing to Level Three. Level Four classes generally require a full year of ballroom at Level One through Level Three. Level Five classes require Level Four or instructor approval. Thank you for consideration of your fellow dancers.
